

# PRODUCTION SUPERVISOR

The Production Supervisor at INNOTEX will play a pivotal role in driving the success of our manufacturing operations. We are a leading textile company in the industry, specializing in high-quality fabrics and innovative techniques. We are seeking an experienced and dynamic individual to lead our production team and ensure that our manufacturing processes run smoothly, efficiently and to the highest standards.

As a production supervisor, you will have a direct impact on the success and growth of our company. If you're ready to lead a talented team and play a crucial role in our innovative processes, we want to hear from you!

## ROLES AND RESPONSIBILITIES:

- **Operational Leadership:** Oversee the daily operations of the production floor, including scheduling, safety protocols, and quality control measures to ensure seamless workflow.
- **Team Development:** Train, mentor, and motivate a dedicated team of production workers, guiding them to meet production targets while upholding our high-quality standards.
- **Compliance Oversight:** Ensure that all production processes comply with company policies as well as local and federal regulations.
- **Production Planning:** Implement and maintain effective production plans and schedules to achieve our goals and meet deadlines.
- **Process Improvement:** Continuously monitor and analyze production workflows, identifying areas for enhancement and implementing solutions to boost efficiency and productivity.
- **Performance Evaluation:** Conduct regular performance assessments and provide constructive feedback to foster employee growth and enhance team performance.
- **Cross-Department Collaboration:** Work closely with technical, sales, and shipping departments to ensure effective communication and collaboration across the organization.
- **Reporting:** Prepare and present comprehensive reports on production performance, including metrics on productivity, costs, and quality, to upper management.

## QUALIFICATIONS:

- Industrial Sewing experience highly preferred.
- Minimum 5 years of experience in a supervisory role in a manufacturing environment, preferably in textile production.
- Strong understanding of production processes, quality control, and safety standards.
- Ability to lead, motivate and manage a team effectively.
- Excellent communication, problem-solving, and decision-making skills.
- Proficient in Microsoft Office and production management software.
- Strong analytical and organizational skills with attention to detail.
- Able to work in a fast-paced environment and prioritize tasks accordingly.

## WHY WORK WITH US:

At Innotex, we offer a challenging and supportive work environment where ideas are welcomed, and initiative is encouraged. We value our employees and provide opportunities for growth and development within the company. As a leader in our industry, we are committed to producing high-quality products and maintaining strong relationships with our customers. We offer a competitive salary and benefits package, as well as a positive and inclusive work culture. Join us in shaping the future of textile manufacturing—apply today and be a key player in our success story!
