

SEWING MACHINE OPERATOR

INNOTEX INC. specializes in the development, manufacturing, and distribution of protective equipment for firefighters. The core values of the INNOTEX team include commitment, innovation, and teamwork. Experiencing strong growth, the company is a leader in the manufacturing of firefighting gear. We are proud to be the trusted partner of thousands of fire departments worldwide. We currently operate three plants in Quebec and one in the United States.

We are currently looking for **Sewing Machine Operator** with strong attention to detail to join the daily production activities at our Montreal facility.

Key Responsibilities: Operate various industrial sewing machines to assemble components required to produce protective garments for firefighters, while meeting established quality standards. You will work in a dynamic and innovative environment alongside talented, dedicated, and passionate colleagues.

Qualifications and Key Skills:

- High school diploma (DES) completed
- Minimum of 1 year of experience in a similar role and environment
- Excellent manual dexterity, with a strong focus on precision and speed
- Strong team spirit, initiative, and autonomy
- Attention to detail and rigor
- Ability to learn quickly
- Motivation and reliability
- Ability to work in a standing position
- Language requirements: French or English

What We Offer:

- A passionate and engaged team
- A positive and collaborative work environment
- Permanent, full-time day position (39 hours/week)
- Schedule: 7:00 AM to 4:15 PM (Monday to Thursday) and 7:00 AM to 12:00 PM (Friday)
- Year-round job security
- Base salary with performance bonus
- Group insurance plan with telemedicine and pension plan
- 2 weeks of summer vacation and time off during the holiday season
- Access to an Employee and Family Assistance Program
- Ongoing training opportunities

- Employee referral program

If this opportunity matches your interests and skills, please submit your application to the Human Resources Department at: rh@innotexprotection.com
